Debbie Bard
SLAC Physicist

speaking on

“The DARKEST Mystery of All: The Fate of the Universe”

Ever gazed up into space and wondered what’s out there? In this talk, Debbie Bard will explain why we don't know yet. We will discuss the evidence for the mysterious dark energy, what it might be and how we can study it.

Debbie is a Cosmologist working on the Large Synoptic Survey Telescope (LSST), trying to understand what the Universe is made of.

Wednesday 27th March 2013
12:00 noon – 1:00 p.m.

SLAC, Panofsky Auditorium, Bldg. 43
2575 Sand Hill Rd, Menlo Park, CA

Everyone is welcome – Bring your lunch or purchase it at the Harvest Cafe, and bring a friend!
