J. Ives

5:00 Executive Session (Orange Room)
Thursday, April 15  Subcommittee Break-Out Sessions

08:30  Subcommittee Executive Sessions

09:00  Subcommittee Presentations/Discussions  [WBS]

Accelerator Physics and Design  [212-213]
  Accelerator Physics  [212]
  Injection Areas  [2131]
  Main Linac Areas  [2132]
  Beam Delivery Areas  [2133]

Technical Systems Engineering and Design  [214]
  RF Systems  [2142]
  Magnet Systems  [2143]
  Instrumentation  [2144]
  Vacuum Systems  [2145]
  Movers and Supports  [2146]
  Install, Align, and Checkout  [2147]
  Manufacturing Facilities  [2148]
  Global Control and Safety Systems  [2149]

Conventional Facilities  [215-216]

12:00  Working Lunch - Committee and Presenters (Orange Room)

1:00  Subcommittee Presentations/Discussions

Project Management and Administration  [211]
  CDR-Phase Management and Plans
  NLC CD-1 Model WBS/Cost/Schedule

Accelerator Physics and Design  [212-213]
  Accelerator Physics  [212]
  Injection Areas  [2131]
  Beam Delivery Areas  [2133]
Technical Systems Engineering and Design [214]
   Magnet Systems [2143]
   Instrumentation [2144]
   Vacuum Systems [2145]
   Movers and Supports [2146]
   Install, Align, and Checkout [2147]
   Manufacturing Facilities [2148]
   Global Control and Safety Systems [2149]

RF Systems [2142]
   Main Linac Areas [2132]

Conventional Facilities [215-216]

4:00 Subcommittee Executive Sessions
5:00 Full-Committee Executive Session (Orange Room)

Friday, April 16

08:30 Subcommittee Working Sessions/Discussions
11:00 Committee Executive Working Session (Orange Room)
12:00 Committee Working Lunch
