Three Questions Project

- Basic Idea:
  - Weekly email questions from high school classes (2-3 per class?)
  - Assign questions among participants
  - Meet to discuss before returning final answers

- Start with Pilot:
  - One high school
  - Smaller group (need at least 7 people)
  - Weekly/biweekly?
  - Ideas/suggestions welcome!
YPP Outreach Ideas

- Cloud Chamber (A. Soffer)
  - Build cloud chamber
  - Demos/experiments at local high schools
- 3Q Project
- Both require coordination w/high schools/teachers

- Cloud chamber more initial overhead (design building)
- 3Q low-level long term commitment
- Projects potentially complementary
- More suggestions???
