

Suggestions for Activities

- Discussion about future facilities, impact of globalization:
 - Start by studying the TESLA TDR, the LC Resource Book, HEPAP reports, international panels, etc.
 - Examining the global working environment
- Funding structure & management in HEP
 - How is the field organized in the US?
 - What are the impacts?
- Education & Outreach:
 - SLAC (real & virtual) visitor center, participation in QuarkNet, SLAC open house, regular public lectures
 - HEP in local schools: Cloud chambers. Resource to teachers: 3 questions a week, etc.
 - Government outreach
- Have subsequent meetings about these topics & others that will be raised tonight or later.
